Museum of the Moon  
St Helier Methodist Centre  
Sunday 15<sup>th</sup> to Sunday 29<sup>th</sup> November 2026

Arthouse Jersey presents Luke Jerram's internationally acclaimed touring artwork, Museum of the Moon. Measuring six metres in diameter and featuring highly detailed NASA imagery of the lunar surface, this extraordinary, illuminated sculpture combines light with surround sound composition to invite audiences to encounter our closest celestial neighbour in an entirely new way.

Presented as part of the Butterfield Public Art Series, the artwork will be accompanied by a vibrant programme of events, from storytelling to performances and creative experiences, offering many different ways to gather beneath the moon. Hosted by St Helier Methodist Centre by kind arrangement with the Methodist Church in Jersey.
